

you may execute any contracts for contracted services, before you select your vendor for non-contracted tariffed or month-to-month service, and before you sign and submit your Form 471.

The "Allowable Vendor Selection/Contract Date" featured above is the earliest date that you may execute any contracts for contracted services; select your vendor for non-contracted tariffed or month-to-month services; and sign and submit your Form 471.

The FCC's Fifth Report & Order (FCC 04-190, released August 13, 2004) requires that documents demonstrating compliance with the statute and Commission rules regarding the application for, receipt of, and delivery of services receiving schools and libraries discounts must be retained for a period of at least five years after the last day of service delivered. See "Document Retention Requirements" in the Order for a descriptive list of many of the documents you must retain.

You must follow all applicable state and local procurement laws. You must also be able to demonstrate compliance with these laws.

Your Form 470 and RFP, if applicable, MUST define the specific services or functions (and quantity and/or capacity) for which funding will be sought. You MUST obtain specific cost information, including prices for products and services to be provided. Failure to adhere to these rules violates the requirement to choose the most cost-effective provider. Moreover, you cannot seek discounts for services in a category of service on the Form 471 if those services in those categories were not indicated on a Form 470.

Requests for Proposals (RFPs) or other solicitation methods must be tailored specifically to your needs and circumstances, and based directly on your technology plan. Use of a generic RFP used successfully by another applicant, for example, does not comply with the Commission's competitive bidding requirements. RFPs and competitive bidding processes that are structured to favor one service provider undermine the competitive process.

FCC rules require your service provider to offer you the option of requesting discounts on bills, or of paying the bills in full and then receiving reimbursement. We recommend that you include your preferred method for receiving discounts when considering bids and discuss that with your service provider.

Beginning with Funding Year 2005, FCC rules restrict funding of Internal Connections Other than Basic Maintenance to only twice every five years. This rule does not apply to Basic Maintenance of Internal Connections.

A technology plan that covers all 12 months of the funding year is required for all services except basic local, cellular, PCS, and/or long distance telephone service and/or voice mail only. The technology plan must have been written before the Form 470 is filed, and must be approved by a state or other authorized body that is an SLD-certified Technology Plan Approver prior to the commencement of discounted services.

To assist us in evaluating the impact of new technology on the nation's schools and libraries, you will be asked to provide the National Center for Education Statistics (NCES) or Federal-State Cooperative System (FSCS) code for any recipient of service. Please continue to review the web site for additional information.

FCC Registration Numbers may be obtained through the FCC Registration Number Commission Registration System (CORES) at www.fcc.gov. The FCC's "Red Light Rule" became effective November 1, 2004. The FCC adopted Section 1.1910 of the rules to implement the Debt Collection Improvement Act of 1996 (DCIA), and amended 47 C.F.R. Secs 1.8002 and 1.8003 "to require all entities that participate in the schools and libraries universal service support mechanism to obtain an FCC Registration Number." Please continue to review the SLD section of the USAC web site for additional guidance.

Complete information about the filing window for the Funding Year 2006 Form 471, is posted to the SLD web site.

It is important to remember that not all requested services will necessarily be approved for discounts. Your Form 471 will be subject to review by the SLD for a determination of funding eligibility before funds are committed. This review will consider all program rules, including eligibility of discount recipients and the eligibility of services for which discounts are requested. In addition, availability of funds will be a factor in funding decisions. Therefore, you should consider the possibility of a denial of funding or a level of funding below your request, and include appropriate contingencies in contracts for any or all of the requested services.

Thank you for your interest in the Schools and Libraries program. If you have any questions, please contact the SLD Client Service Bureau by e-mail using the "Submit a Question" link on the web site, by fax at 1-888-276-8736 or by phone at 1-888-203-8100.
